

EDITORIAL PROGRAM All SPACE RESERVATIONS MUST BE MADE 4 WEEKS PRIOR TO COVER DATE

JANUARY

AUTOMATION

- Improving productivity

PRODUCT SHOWCASE

- Sensors

PLANT PICKS SURVEY

- Industrial distributors

SAFETY

- OHS trends
- Safety products

PLANT GREEN REPORT

- Environmental innovations and green product guide

PLANT West

- New developments in Alberta's booming industrial sector, manufacturing profiles and technology innovations.

FEBRUARY

MATERIALS MANAGEMENT

- Packing and palletizing

PRODUCT SHOWCASE

- Robotics

PLANT PICKS SURVEY

- Global logistics

Machinery Engineering & Maintenance (MEM)

- Machinery builder profile
- Maintenance strategies
- Power transmission updates: gears, drives, motors, bearings
- Lubrication

AutoPlant

- Manufacturing innovations
- Machinery technology update
- Developments in automotive design

MARCH

AUTOMATION

- Building in plant flexibility

PRODUCT SHOWCASE

- Forklifts

PLANT PICKS SURVEY

- Cutting Tools

CHEM

- Process industry update
- Chemical and material news
- Controls and instrumentation

IT for Industry

- ERP and the plant
- Improving IT security

PLANT West

- New developments in Alberta's booming industrial sector, manufacturing profiles and technology innovations.

APRIL

MATERIALS MANAGEMENT

- Improving warehouse efficiency

PRODUCT SHOWCASE

- Pumps and valves

PLANT PICKS SURVEY

- Automation

SAFETY

- Machine guarding
- Safety products

Machinery Engineering & Maintenance (MEM)

- Machine builder profile
- Maintenance and strategies
- Power transmission updates: gears, drives, motors, bearings
- Shutdown tips

AutoPlant

- Manufacturing innovations
- Machinery technology update
- Developments in automotive design

PLANT GREEN REPORT

- Environmental innovations and green product guide.

MAY

AUTOMATION

- Developments in robotics

PRODUCT SHOWCASE

- Lifting and conveying equipment

PLANT PICKS SURVEY

- Welding

CHEM

- Process industry update
- Chemical & materials news
- Controls and instrumentation

IT for Industry

- Manufacturing systems
- Software update

PLANT West

- New developments in Alberta's booming industrial sector, manufacturing profiles and technology innovations.

JUNE

MATERIALS MANAGEMENT

- Optimizing handling

PRODUCT SHOWCASE

- Thermography

PLANT PICKS SURVEY

- CAD software

Machinery Engineering & Maintenance (MEM)

- Machinery builder profile
- Maintenance strategies
- Power transmission updates: gears, drives, motors, bearings
- CNC machines

AutoPlant

- Manufacturing innovations
- Machinery technology update
- Developments in automotive design product guide.

PRODUCTS • NEWS • TRENDS • AND EVENTS

JULY

AUTOMATION

- Productivity tips

PRODUCT SHOWCASE

- Power transmission (gears, drives, speed reducers)

PLANT PICKS SURVEY

- Pumps

SAFETY

- Reducing lost time injuries
- Safety products

PLANT West

- New developments in Alberta's booming industrial sector, manufacturing profiles and technology innovations.

PLANT GREEN REPORT

- Environmental innovations and green product guide.

AUGUST

MATERIALS MANAGEMENT

- Distribution strategies

PRODUCT SHOWCASE

- Hand and power tools

PLANT PICKS SURVEY

- Measuring instrumentation

Machinery Engineering & Maintenance (MEM)

- Machine builder profile
- Maintenance strategies
- Power transmission updates: gears, drives, motors, bearings
- Thermography

AutoPlant

- Manufacturing innovations
- Machinery technology update
- Developments in automotive design

SEPTEMBER

AUTOMATION

- Integrating technology

PRODUCT SHOWCASE

- Metalworking

PLANT PICKS SURVEY

- Motion control

CHEM

- Process industry update
- Chemical and material news
- Controls and instrumentation

IT for Industry

- Wireless update
- Productivity tools

PLANT West

- New developments in Alberta's booming industrial sector, manufacturing profiles and technology innovations.

OCTOBER

MATERIALS MANAGEMENT

- Achieving lean product flow

PRODUCT SHOWCASE

- Testing, measuring instruments

PLANT PICKS SURVEY

- Power tools

SAFETY

- Noise protection
- Safety products

Machinery Engineering & Maintenance (MEM)

- Machine builder profile
- Maintenance strategies
- Power transmission updates: gears, drives, motors, bearings
- Dust and fume extraction

AutoPlant

- Manufacturing innovations
- Machinery technology update
- Developments in automotive design

PLANT GREEN REPORT

- Environmental innovations and green product guide.

NOVEMBER

AUTOMATION

- Control technology

PRODUCT SHOWCASE

- Motors

PLANT PICKS SURVEY

- Lift trucks

CHEM

- Process industry update
- Chemical and material news
- Controls and instrumentation

IT for Industry

- CRM strategies
- Internet optimization

PLANT West

- New developments in Alberta's booming industrial sector, manufacturing profiles and technology innovations.

DECEMBER

MATERIALS MANAGEMENT

- Automated systems

PRODUCT SHOWCASE

- Environmental

PLANT PICKS SURVEY

- Safety

Machinery Engineering & Maintenance (MEM)

- Machine builder profile
- Maintenance strategies
- Power transmission updates: gears, drives, motors, bearings
- Improving plant energy efficiency

AutoPlant

- Manufacturing innovations
- Machinery technology update
- Developments in automotive design
